SAMSUNG recommends Windows Vista® Home Premium

SAMSUNG Go™ Netbooks

Get ready to go
with the Samsung Go™ netbook.

Life happens in places other than home. That's why we created the **Samsung Go**™ netbook. The **Samsung Go** is a compact, lightweight netbook computer that's ready to go whenever, wherever. Feel like working at the park? You're there. Think you'd be more inspired at the lake or beach? Get going. And since your life is fun and exciting, the **Samsung Go** netbook comes in four fun and exciting colors: Sunset Orange, Midnight Blue, Mint Blue and Jet Black. Smoothly rounded corners look and feel better. A pebble-textured keyboard facilitates flying fingers. And with a 10-hour battery, the **Samsung Go** is always ready. Are you ready to go? The **Samsung Go** netbook makes the journey more fun.

Samsung netbooks. Passion for perfection.

Features:

Ultra Mobility
Weighing just 2.8 pounds, **Samsung Go** netbooks are some of the lightest netbooks in their class. And they're loaded with the latest technology for maximum performance and minimum weight.

Extended Battery Life
With a standard 6 cell 8850mAh high-capacity battery, you can surf the Web for up to 10 hours on a single battery charge.

Intel® Atom™ Processor Technology
Intel Atom processors pack an astounding 47 million transistors on a single chip, delivering the power and performance you need for full Internet capabilities.

Simple Data Sharing
With a host of advanced connectivity tools, including a 3-in-1 memory card reader, 3 x USB 2.0 ports, and Bluetooth 2.1 + EDR, you can seamlessly move data from your digital camera, camcorder, MP3 player or PDA straight to the netbook.

High-Capacity Data Storage**
With voluminous 160GB hard disk drives, **Samsung Go** netbooks let you take your favorite music, photos and movies with you.

LED-Backlit Display
The brilliant LED-backlit display offers up to 30 percent more viewing area than traditional screens with an incredible 300 nits of brightness. Using LED technology means screens are thinner, brighter, more durable and power efficient. You can also enjoy photo-like image quality, greater viewing angles and better text legibility, reducing eye strain and boosting productivity.
